Polity Press, United Kingdom, 2014. Paperback. Condition: New. 1. Auflage. Language: English . Brand New Book. The euro crisis is tearing Europe apart. But the heart of the matter is that, as the crisis unfolds, the basic rules of European democracy are being subverted or turned into their opposite, bypassing parliaments, governments and EU institutions. Economically the euro turned out to be very good for Germany, and with the euro crisis Chancellor Angela Merkel became the informal Queen of Europe. The new grammar of power reflects the difference between creditor and debtor countries; it is not a military but an economic logic. Its ideological foundation is German euro nationalism - that is, an extended European version of the Deutschmark nationalism that underpinned German identity after the Second World War. In this way the German model of stability is being surreptitiously elevated into the...
