MATH BY GRACE: MEMORIZATION OF BASIC MATH FOR CONCENTRATION-CHALLENGED CHILDREN THROUGH RELAXATION AND MEDITATION TECHNIQUES (PAPERBACK)

Attunement Press, United States, 2009. Paperback. Condition: New. Language: English. Brand New Book ***** Print on Demand *****. Dana Williams, a mother of four who has practiced meditation and yoga for decades, developed Math by Grace for her children when games, drills and explanations did not work. Three of her children have ADD; one is autistic. The author discovered that Math by Grace not only improved the math skills of each child but also boosted their self-esteem. Impressed and...

Reviews

Simply no terms to explain. I am quite late in start reading this one, but better then never its been written in an remarkably easy way and is particularly merely soon after i finished reading this book where basically changed me, affect the way i really believe.

-- **Prof. Jedediah Kuhic DVM**

Very helpful to any or all category of folks. It is written in simple phrases rather than difficult to understand. Its been developed in an exceptionally simple way and is particularly just after i finished reading this pdf in which basically transformed me, modify the way in my opinion.

-- **Hank Runte**
