

App Blanks for Windows Mobile OS (Paperback)

By Mirko L Cukich

Createspace, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Windows Mobile Smart Phone is one of the most popular and best phones used by businesses worldwide. It has a proven track record of dependability, strength and security. But, the one thing that is a huge factor now with smart phones is apps. What kind of apps are available and how well do they perform. Even though the phone might have all the bells and whistles if it doesn't have the right apps, many people won't even consider it. This book is designed to help you focus on bringing your Windows Mobile OS Apps to life. When creating an app for a mobile device, size and design are a crucial part of the mix. It's not enough to have a good idea, but you need an idea that works and is easy to use on a small touch screen device. One of the reasons why some apps make it and others don't is because they took the time to plan out their app, see how it works and looks before even writing down one piece of code....
