Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.FASHION INDUSTRY BROADCAST MASTERS OF MUSIC Vol 22 Legends By Steve Kilbey Intrigue and mystery swirling underfoot while the legends mingle tarry dally and make music with each other like demi-gods pulling such idiosyncratic stuff out of disparate musical universes. Some like Nick Cave reached in and pulled out a biblical pestilence. Others like Neil Young found sad lonesome worlds to drift through that had not yet been charted by any musician much before this. Thing is at the time these legends do their thing it s quite revolutionary though it may seem part of the wallpaper now. The Legends are first and foremost Originals i.e. they are prime movers and they seem to arrive with a look, a philosophy, a sound, a unique voice strangely already intact. And sometimes their genius is even more amazing with all those Achilles heels amongst them. Just because you re a legend doesn t mean you don t sometimes get into some weird trouble and just because you re a legend doesn t make you automatically happy either.
