Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As we travel down the roads of life, we are confronted consistently with decisions that we need to make. Donald Trump, based on the trials and successes that he has faced, teaches us that every important decision we make is going to determine what will happen in our lives in the future. For the most part, we are making most of our decisions without a need to give thought as to what that outcome of that decision will be. Donald made examples for us to further understand this, such as; we have to decide when to get out of bed and what we are going to do as soon as we get up. The options may be as simple as brushing our teeth to sitting down and having a cup of coffee, and may even consist of constructing a plan for building a business. The options that we have can be extremely complex or simple, depending on the situation. Each decision we make will influence our lives and business dealings either for better or for worse.
