Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This novel originated from a post in a blog that was written by N.W. Boyer in Boyer Writes. This post on SS General Hans Kammler asked the question: What ever happened to Gen.Kammler? After World War II, a number of high-ranking officers fled to places like Argentina. This question seemed to be of great interest to Boyer s readers. Some readers wrote emails that they knew where General Kammler had lived. One even said the General was an uncle who was elderly and had escaped prosecution. General Kammler, as portrayed in this book is entirely fiction. The accounts of him, however are based on historical facts. General Kammler, was in fact from 1944, was head of advanced weapons development in Nazi Germany, including the Me-262 jets, the V-2 rockets and perhaps even the exotic Bell Project. The enormous interest in General Kammler led Boyer to explore the thoughts of where he might be hiding and thus, this novel evolved. All characters are fictional, but many of the places described in the novel, as the World Seed Vault in Norway, sometimes referred to as the "Doomsday Seed Vault" or actual places. For many readers, the people and culture of the Middle East, are generally not understood by other parts of the world. This only increases the mystery behind the writing of this historical fiction by N.W. Boyer.
