IMMUNOBIOLOGY OF GRAFT VERSUS HOST DISEASE

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Introduction of new mouse model of BMT and GVHD based on chemotherapy conditioning | Stem cell transplantation (SCT) is a curative treatment for many malignant diseases, metabolic and genetic disorders. Several complications limit the expanded application of this method. Graft versus host disease (GVHD) is one of the most serious complications related to SCT. During the last decades, sustained efforts have been made to conquer GVHD. Animal models play an important role in..
