

The Frogs and Other Plays (Paperback)

By Aristophanes

Digireads.com, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Along with Sophocles and Euripides, Aristophanes is considered one of the three great Greek playwrights. Only eleven of his nearly forty plays survive in their entirety to this day. The Frogs and Other Plays includes the titular play along The Wasps and The Thesmophoriazusa. Produced the year after the death of Euripides, The Frogs laments the decay of Greek tragedy which Aristophanes attributed to that writer. It is an admirable example of the brilliance of his style, and of that mingling of wit and poetry with rollicking humor and keen satirical point which is his chief characteristic. Here, as elsewhere, he stands for tradition against innovation of all kinds, whether in politics, religion, or art. In The Wasps Aristophanes pokes satirical fun at the demagogue Cleon and the Athenian law courts that provide Cleon with his power. The Thesmophoriazusa is concerned with the schemes of a group of women at the Thesmophoria, an annual fertility celebration dedicated to Demeter, who angered by Euripides portrayal of women in his plays as mad, murderous, and sexually depraved, plan to exact revenge upon him.
