The establishment and supervision of these schools is included in the scope of work of the Vocational Division. TRADE AND INDUSTRIAL EDUCATION During the past biennium a goodly number of new classes have been added in school districts already maintaining vocational industrial education programs and other centers have started new programs in this field. New vocational industrial programs were, started in the following districts: Aliquippa, Beaver County Cheltenham Township Montgomery County Pottstown, Montgomery County Phoenixville, Chester County Hanover, York County Pottsville, Schuylkill County Trevorton, Northumberland County. Republic, Fayette County Latrobe, Westmoreland County The majority of these districts organized the larger portion of their vocational industrial programs on the part-time cooperative plan whereby the boys spend two weeks in school and two weeks in industry. At the present time, the Pittsburgh Board of Education is building a large central trade school for boys which will...
