It is often said that we should never regret the things that we do in life, just the things that we don't. While that may be true, there are always situations that you may look back upon, usually in old age, and wonder if doing it differently would have made a difference. 101 Things You Will Regret When You re Old is a compilation of the things you will most likely regret in your later years. This is partly a book which can be given as a reflective gift for an older person and partly a motivational book for younger readers to make sure they don't fall into the same traps. It is perfect for birthdays, as a gift to a special friend, or for someone who is in need of motivation, to remind them that, even with regret, it is important to stay happy.
