Dover Publications Inc., United States, 2014. Paperback. Book Condition: New. Reprint. 274 x 208 mm. Language: English . Brand New Book. The three volumes of The Masterwork in Music present complete English translations of major works by Austrian music theorist Heinrich Schenker, one of the twentieth century s leading figures in the field. First published in German between 1925 and 1930, these essays represent Schenker s greatest writings in analysis prior to the 1935 definitive formulation of his theory of music in Der freie Satz (Free Composition). This new publication of the long-awaited English translation, which first appeared in the distinguished Cambridge University Press edition, provides a valuable resource for scholars. Editorial annotations and elucidations by Dr.William Drabkin and his translators offer additional insights. Volume One includes analyses of keyboard pieces by Bach, Scarlatti, Chopin, and Beethoven, along with studies of solo violin music by Bach. Volume Two contains a major essay on Mozart s Symphony No. 40 in G minor and shorter studies of works by Bach, Haydn, and Reger. Volume Three s contents include Schenker s celebrated analysis of Beethoven s Eroica Symphony and other works.
