## Technological Applications in Wastewater Engineering

By Lidia Szpyrkowicz, S.N. Kaul, Ashutosh Gautam

Astral International (P) Ltd/Daya Publishing House, 2009. Hardcover. Book Condition: New. Prerequisite to such planning is an understanding of the performance, potential, and limitations of the various methods of pollution abatement available for the environmental engineering. The concepts and engineering methodology presented in this book is a logical step towards combining both the issues for better understanding of the concepts.
