Springer Publishing Company. Paperback. Condition: New. 336 pages. Nurse Educators can no longer be just experts in their specific fields; they need to be able to teach a variety of students in a variety of settings. This book encompasses all topics necessary to assist nurses to become educators. I am not aware any other books that address this area so thoroughly. Score: 98, 5 stars --Doodys I truly believe that your book made it possible for me to successfully complete the CNE exam! It truly is the only book you need to pass the CNE exam - Im living proof! Thanks so much! I learned a lot from your book and intend to keep it on my desk for future reference! -Sue Carroll, MSN, RN Sentara College of Health Sciences This is the only CNE review book for both novice and expert nurse educators that offers a systematic approach to preparing for the CNE Certification Exam. This concise Manual is aligned with the NLNs test blueprint to reflect not only requisite knowledge but also the percentages of content distribution in the new test plan. The book is organized into nine chapters that address the core content of topics outlined in the exam blueprint. Additionally, each chapter is organized into bite-size segments to facilitate ease of use. Chapters contains case studies, tips for test success, and critical thinking questions along with web links for accessing additional content on a particular topic. Review questions complete each chapter and a sample CNE test is provided. Three practice tests are also included along with an answer key and rationale for self-assessment. New to the Second Edition: Reflects shifting paradigms in nursing education Focuses on specific change theory, mentoring, incivility, curriculum design, and technology Revises content to reflect the new NLN CNL test plan Includes...
