The card shown in Fig. 4 is a teaming card, and one of them is given to each teamster. The letter O is used to note the time of arrival of the team and the letter X the time of departure. The Hints on Fillers for Brick and Block Pavements. C. G. ATWATER. The subject of the proper filler for paving is of increasing interest. A filler to give satisfaction must first of all bind the bricks or blocks tightly together so as to give a continuous waterproof surface that will prevent water from passing through to the foundation. It must also take care oi the expansion and contraction of the blocks themselves incident to changes in temperature. The question of protecting the top edges of the bricks or blocks is only incidental, as there is comparatively little wear at these points where a good from one class of work to another the foremen simply mark the time under its proper classification, and when the blank is turned in at night the number of hours worked is put on in ink, as shown in columns 1 and 2 of Fig. 2. It will be noticed in Fig. 2 that employe No. 1 worked from 7 to 9 at plowing, from 9 to 11 in rolling subgrade and so...
