It contains the list of causes, foundations, personal will, personal communications, personal positional papers on my pet foundation - World Citizens in Pain, Suffering, Labour with Dignity, Peace and Freedom. The publication represent my entire will to humanity. It contains what I believe in and aspire to propagate for humanity. It is meant to be transitional from generation to generation for all who believe and share in the same causes. The citing of bases for propagating the believes and aspirations are based on resources available to me in terms of land, natural and human resources that will serve as a gateway in furthering the causes to all corners of the earth without being pests and obstacles in the actualisation of the causes. I sincerely believe that time and events in the world for millions of years to come will vindicate me on these God s personal encounter and promise to the world. I accept all logical, sequential, grammatical, and spelling errors in this publication. To me too much human grammar, logic and sequence have put the world in present epileptic conditions.
