Clarion Books, 1999. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: ".superior pictures and riveting text." School Library Journal, Starred Ryden's newest nature book is a delight--not just for horse fanciers, but for anyone interested in animal behavior. Years spent studying the wild mustangs of the Pryor Mountains have given her insight into how the animals interact, and her ability to get close to the horses provided opportunities for shooting dozens of spectacular color photographs. Writing in a conversational (though never flippant) tone, she conveys the fascination of being able to closely observe individual animals, such as Old Nellie, the cagey head female of one stallion's "harem." She also gives readers plenty of action--close encounters with skittish horses and stallions battling for dominance. Her final chapter covers the sad history of the over-hunted creatures. The pictures, which are separated from the main text, are a nice large size, and smaller captioned photos at the back show different types of coat and mane coloration. Sources appended. Much of the text is drawn from Ryden's thirty-plus years of mustang study, although other sources are cited. A nice combination of elegance and sound information about this distinct group of horses that includes their habits, evolution...
