Xulon Press, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If you are looking for a successful marriage as well as other forms of relationships then, the principles noted in this book will be extremely beneficial to you. I chose the title for this book as a metaphor for -- unless God builds the relationship - the relationship will not succeed! Of course you can find reference for this in Psalm 127:1a of The Bible. On focusing on building a successful marriage the premise is when we allow God to be the foundation of the marital relationship, you will have the proper foundation in place to allow the relationship to be built! Utilizing the four cornerstones of communication, honesty, integrity and commitment will further assure that the relationship will be able to withstand the harsh realities that relationships come up against in our daily living. As a Christian, failing to obey God s instructions/commandments will bring about sever consequences and failure. Thus we have high divorce rates, dysfunctional family relationships, fractured neighborhoods and yes, divisions within our churches! This is why we need to totally follow Proverbs 3:5-6 which states, Trust in the Lord with all your heart and lean not on your own understanding. In all your ways acknowledge Him and He shall direct your paths (New King James Version). I pray that all who read this book will be blessed. Let s build successful relationships as it is the will of God that we do.
