Createspace Independent Publishing Platform, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.My College-prep English teacher told my class and I, that anyone who would even try to define love, would be a fool. This introduction was originally dedicated to the entire High School student body that came together to help me some forty years ago after my near-fatal gymnastics injury. The teacher mentioned above, had planned to fail me in his class since I had to miss so much time during my recovery. But much to his surprise.all of the students helped me complete the nine weeks of homework that I had missed! Consequently, he was forced to pass me. Had he merely opened his unforgiving eyes, he would have seen the very definition of love materializing before him in a student who would someday write volumes and volumes around him, about the definitions of love. Therefore, some forty years later, now comes my ultimate definition of Love.
