BIO-ENHANCERS

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Over use of agro-chemicals over several decades has adversely affected soil fertility, crop productivity, produce quality and particularly the environment. Soil organic carbon content in most of Indian soils has been reduced to 0.5 per cent. Under these circumstances, maintenance of soil fertility and crop productivity are the major constraints in agriculture. Now a large number of macro and micro nutrients are also becoming deficient in most of the cultivated soil. After...

Reviews

This publication is worth acquiring. It is actually full of knowledge and wisdom You are going to like the way the blogger publish this book
-- **Prof. Stanley Hermiston**

The ebook is simple in go through better to fully grasp. It is actually rally exciting throug reading throug period. It is extremely difficult to leave it before concluding, once yo u begin to read the book.
-- **Alexander Jacobi**

The very best book i at any time read. It generally does not price an excessive amount of. I discovered this publication from my dad and i recommended this book to understand.
