Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Thomas Paine used his original version of this title to help spark a revolution of violence and blood. This writer also hope to spur a revolution; one of hope and ideas. For too long America has suffered under the yoke of oppression from those that are the beneficiaries of dynastic fortunes; and it is time for the injustice and inequity to end. We are told that we are not entitled to competent health care, or a decent living that is not stolen from us by unjust taxation, and that only the privileged are capable of leading us. That is a lie, as are many of the things that we have been told about the founding of this great country, and how we came to be in the political and economic quagmire that we find ourselves in today. We are Americans. The blood of revolutionaries courses our veins, and it is time for us to take the promise of America back from those that have robbed it from us. We are free. We are equal. And we can demand our rightful place at the table of plenty that is America, and stop settling for the table scraps of the modern day Robber Barons. All that we must do is act; not with a bullet but with a ballot, and this short book will show you how.
