

The Anatomy Of Dessert (Paperback)

Filesize: 2.45 MB

Reviews

A fresh e-book with a brand new standpoint. Sure, it is play, nevertheless an interesting and amazing literature. Its been printed in an extremely straightforward way and it is just soon after i finished reading this pdf where in fact modified me, change the way in my opinion.

(Deondre Hackett)

THE ANATOMY OF DESSERT (PAPERBACK)

Random House USA Inc, United States, 2006. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Filled with quirky surprises and things you would have never thought to ask, Bunyard s celebration of fruit is endlessly entertaining. -Mark Kurlansky, author of Salt, Cod, and The Big Oyster When we think of dessert, our mind s eye sees cakes, pies, and pastries. Yet the truly creative palate imagines things even more tempting, decadent, and, yes, sinful. So claims Edward Bunyard in this delectable paeen to the wonderful fruits of the vine, from apples and apricots to gooseberries and strawberries, from pears to the grapes that give us wine. Bunyard, a nurseryman at the turn of the last century, lovingly devotes a chapter to each fruit, sharing a heartfelt disquisition on the many types of strawberries, in which bigger is not always better; revealing how denizens of cooler and warmer climes differ in their perceptions about grapes; and asserting that immoderate indulgence in melon has toppled great dynasties and changed the course of history. Bunyard even offers advice on the most delightful wine and fruit pairings, and settles once and for all the debate that has raged for nearly three millennia: Which are tastier, hothouse figs or the outdoor variety. Introduced by Michael Pollan, The Anatomy of Dessert is a cornucopia of wisdom that s never out of season. It is time again to savor this classic work, first published in 1929, that gives above-the-title billing to the myriad foodstuffs we often refer to as afters. So come and partake in the fruits of Edward Bunyard s labor of love.
