

## Science is Culture: Conversations at the New Intersection of Science & Reality

---

By Bly, Adam, Editor.

Harper Perennial. 1 Paperback(s), 2010. soft. Book Condition: New. Today, science is culture, notes the founding editor of Seed magazine. As global issues like energy and health become increasingly interconnected, and as our curiosity about such knowledge as how the mind works or why the universe is expanding become more complex, we need a new way of looking at the world that blurs the lines between scientific disciplines, and likewise the borders between the sciences and the arts and humanities. Here Adam Bly has paired scientists with nonscientists including Steven Pinker and Rebecca Goldstein, Jonathan Lethem and Janna Levin, Benoit Mandelbrot and Paola Antonelli to explore and discuss ideas of common interest to us all. 352.
