Excerpt from Shakespeare Collection: From the Gift of Walter Wehle Naumburg (Class of 1889) Of New York It is difficult for publishers nowadays to find a feature not already represented by the enterprise of predecessors in all the possible forms of publication of Shakespeare s Dramas, but we have noted one very excellent form of Shakespeare s works entirely unrepresented in library shape, viz.: the edition such as Dr. Johnson a hundred years ago I recommended as the best, in the following words: Those who wish to become acquainted with Shakespeare for the first time, and who desire the fullest pleasure that the drama can give, should read every play, from the first scene to the last, with utter negligence of all his commentators. When fancy is once on the wing it should not stoop at correction or explanation. Particular passages may be cleared by notes; but the general effect is weakened by the interruption. Obscurities and niceties may be investigated when time permits and inclination prompts; but from beginning to end it is best and safest to allow Shakespeare to speak for himself. Acting on this sage advice, we have adopted the text of Johnson and Steevens as revised by Clark and Wright, and give the complete works of Shakespeare in their unabridged and perfect purity in seven handy volumes, and in case of any reader needing explanation or reference, we have added a thorough Glossary of obscure words and phrases.
