New Generation Publishing, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.It s the thought that counts! Though our planet is adorned with many examples of nature s exceptional beauty, we ve turned our back on this bounty, and have become woefully misguided. Driven by this knowledge, Lee s fascinating insights attempt to bring us closer to a union with the innumerable wonders of the Universe, to remind us of the astounding offerings she presents us with daily. After the trials and tribulations of a difficult adolescence in apartheid-torn South Africa, Lee emerged into adulthood with a deep love for humankind, and a poignant understanding of the great losses suffered in the pursuit of progress and wealth. But he was not overwhelmed by the pathos of what he saw and felt. Instead, he decided to use the story of Michael to show that humankind has ample opportunity to correct its ways. Humans simply need to step back, look at themselves with fresh eyes, and truly consider their thoughts and actions with the intensity that they deserve; we have all the tools for our salvation at our disposal. Heart-warming and sincere, His Story shared by Lee is born from a desire to point us away from our fear-based existences towards a path of immaculate love: a truly life- changing read.
