Alma Books Ltd, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. What is the nature, essence and definition of a fart? What are the consequences and disadvantages of suppressing one? Why is farting considered to be taboo? Swift's *The Benefit of Farting* argues eloquently, in a forceful a posteriori fashion, that most of the distempers thought to affect the fairer sex are due to flatulences not adequately vented. To complete the excursus into this venerable and age-old human activity, Charles James Fox's *Essay upon Wind* provides a detailed analysis, classification and history of farting, peppered with wit and curious anecdotes about particularly eminent farters of the past.
