THE ART AND SCIENCE OF SILVER PRINTING 1881 (PHOTOGRAPHY).

Lindsay Publications, 2007. Condition: New. Reprint of the 1881 edition. 130 pages. Captain Abney was a leader in photography in England, credited with introducing hydroquinone as a developer. This 1881 American edition is a book any silver printer should have as reference. It's about making photographic prints on paper with egg whites, better known as albumen. Until the 1880's almost every photograph was made this way. Brand new paperback 10oz.
