Reviews

I just started off looking over this ebook. It is actually loaded with wisdom and knowledge Its been developed in an remarkably simple way in fact it is simply after i finished reading through this book where basically modified me, modify the way i believe.
(Josie Koch IV)

VALUEWARE: TECHNOLOGY, HUMANITY, AND ORGANIZATION (PAPERBACK)**DOWNLOAD**

ABC-CLIO, United States, 1999. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Against an emerging landscape of intranets, extranets, virtual communities, and virtual reality, this book highlights the dangers of individuals or organizations becoming technology-rich but value blind. Valueware also champions the evolution of a gentler mode of capitalism as just one of many hopes for a more caring and sustainable 21st century. After detailing the critical forces now driving the convergence of technology, humanity, and organization, Barnatt then balances a wide spectrum of value perspectives, including those of past and present management gurus, Internet pioneers, and Generation Xers. Knowledge-empowered individuals and organizations are already beginning to learn the value of global interdependence over independence. Cutting-edge technologies and new social structures may also soon empower more relationship-rich markets, which begin to mediate human affiliation via money but in a gentler capitalist structure. Barnatt doesn't claim to predict the world of tomorrow. However, by detailing alternative millennial realities from which key future-shapers may choose, it instead champions future gazing as future shaping.
