GREEN MENTAL HEALTH CARE: HOW TO GET OFF STAY OFF PSYCHIATRIC DRUGS

Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.The so-called War On Drugs has a new battleground - your doctor s office, where the unholy alliance between the pharmaceutical and psychiatric industries presents a pseudo medical model that inflicts addictive, chemical abuse on innocent victims while lying to the public with sales science and calling it medicine. Their drugs are nothing more than variations of the very same illegal drugs the government has spent billions of dollars fighting-not because they care about you, only to preserve pharmaceutical sales. Make no mistake; a drug is a drug-pushed or prescribed. They are all toxic, and psychotropic pharmaceuticals are far more toxic to brain tissue and the liver; diminishing quality of life, causing multiple addictions and ultimately resulting in disease and death-never health and wellness! As a scientist and licensed practitioner I want to educate all those interested in what is causing the epidemic mental health crisis of today, how to avoid it, how to get off of psychiatric drugs if you are on them now, and why toxic drugs should never be sold as medicine. My work is toward a medical model for all mental health issues to be based on patient outcomes and not profit. This is accomplished with Orthomolecular Neurochemical Rehabilitation (ONR). I wrote Green Mental Health Care - How to Get Off Stay Off Psychiatric Drugs because the psychiatric patient with Prozac in his/her medicine cabinet is in even more danger than the crack head smoking crack. This is because the crack head knows they have to stop smoking crack to get well-the psychiatric patient thinks they are taking medicine and that their condition is the best they can hope for-when neither is true. They...
