If you have a question that you cannot solve, then these messages will always give you the right - or necessary - answer. Use these simple five steps:--While closing your eyes and being aware of your breathing, gradually calm your mind and relax.--Allow the message to be sent to you by opening yourself to a sense of gratitude.--Determine your question or problem; form a clear picture of it in your imagination, then send it out into the universe and wait.-- Whichever number from 1-177 first comes to your mind intuitively, open that page and study the message on it.--This message is your answer.
