THIS FLEETING WORLD A SHORT HISTORY OF HUMANITY THIS WORLD OF OURS

Paperback. Condition: New. 120 pages. I first became an avid student of David Christian by watching his course, Big History, on DVD, and so I am very happy to see his enlightening presentation of the worlds history captured in these essays. I hope it will introduce a wider audience to this gifted scientist and teacher. Bill Gates A great historian can make clear the connections between the first Homo sapiens and todays version of the species, and a great storyteller can make those connections come alive. David Christian is both, and This Fleeting World: A Short History of Humanity, makes the journeyfrom the earliest foraging era to the agrarian era to our own modern eraa fascinating one. Ready to help your students give up their preconceptions that anything old is probably boring Enter This Fleeting World. A compact, easy-to-read overview recommended by teachers for curriculum development, classroom preparation, and student review. This Fleeting World is popular with world history teachers who need a birds eye view and with students preparing for the Advanced Placement World History examination.
