iUniverse, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is about situations we all have had, or will go through literally in life that will either transform our minds or allow us the opportunity to have other situations that will. The need to know yourself and your purpose for being here is the key point of the journey. The book shares that in life we all have stories, adventures, even tragedies that we feel are real. We have them but we are not them. The chapters describe the high roads and the low roads of love, sex, relationships, talents, servitude and gratitude. Ultimately the book pronounces the importance of the male and female balance. It reintroduces the significance of The Woman, The Mother, The Female and her presence in the world. She is the focal point of this book. Due to the patriarchal dominance for so long, this book is written to cause thoughts of what the world would be like when the balance of both male and female energy is in total harmony without, dominance, control and power for the gratification of the false ego verses the higher sense of being.
