By Frederick W Taylor

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Treatise on Concrete, Plain and Reinforced Materials, Construction, and Design of Concrete and Reinforced Concrete: With Chapters by R. Feret, William B. Fuller Spencer B. Newberry This treatise is designed for practicing engineers and contractors, and also for a text and reference book on concrete for engineering students. To broaden the scope of the work and avoid personal inaccuracies, each chapter has been submitted for criticism to at least one, and, in some cases, to three or four specialists in the particular line treated. We have aimed to refer by name to all authorities quoted, and where the data is taken from books or periodicals, to give the original publication, so that each subject may be investigated further. Proof clippings have also been submitted for approval to those whose names are mentioned. Numerous cross references will be found as well as many repetitions, inserted for the purpose of emphasizing important facts. The chapters are arranged for convenience in reference, and therefore are not always in logical order. The Concrete Data in Chapter I presents...
