

## Advances in Membrane Biochemistry and Bioenergetics

Filesize: 9.19 MB

### ***Reviews***

*This published pdf is fantastic. It really is rally fascinating throgh studying time period. I am just very happy to inform you that this is actually the greatest publication i actually have read within my own lifestyle and could be he best ebook for actually.*  
*(Noemie Hyatt)*

## ADVANCES IN MEMBRANE BIOCHEMISTRY AND BIOENERGETICS

[DOWNLOAD](#)

Springer. Paperback. Book Condition: New. Paperback. 618 pages. Dimensions: 10.0in. x 7.0in. x 1.4in. This book is formulated from the papers presented at the International Symposium on Membrane Biochemistry and Bioenergetics, held at the Rensselaerville Institute, Rensselaerville, New York, August 1986, in honor of Tsoo E. King on the occasion of the 30th anniversary of reconstitution of a respiratory chain system by Professor David Keilin and Tsoo E. King. Professor Tsoo E. King, to whom this volume is dedicated, has made enormous contributions to the field of isolation and reconstitution of membrane proteins and has continued to explore the frontiers of bioenergetics. In particular, his persistent proposals on the existence of ubiquinone binding proteins from conceptualization to experimentation eventually convinced many scientists to study these proteins further. Professor King's preparation of reconstitutively active succinate dehydrogenase opened a new avenue in the field of membrane bioenergetics, and his work has been greatly appreciated. The purpose of the symposium was to bring together scientists from diverse disciplines related to membrane bioenergetics to discuss the recent developments in the field. This symposium, initiated by the Capital District Bioenergetics Group, was attended by 100 scientists, 80 of whom presented their recent discoveries. The symposium was arranged in a sequence of platform lectures, poster presentations and discussion sessions so that all the participants had opportunities to discuss the subjects presented. Most of the participants contributed a chapter to this volume. We would like to express our regret to many other scientists including Professor King's friends, colleagues and students who could not attend due to various reasons. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
