Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. With well over 170 million citizens, a Gross Domestic Product (GDP) over USD 500 billion, and oil production over 2 million barrels per day, Nigeria has Africa s largest population, economy, and oil production (and export). Consistently strong GDP growth over the past decade has developed a growing consumer class and attracted considerable investor interest. Nigeria offers abundant natural resources and a low-cost labor pool, and enjoys mostly duty-free trade with other member countries of the Economic Community of West African States (ECOWAS). However, much of Nigeria s market potential remains unrealized because of significant impediments such as pervasive corruption, inadequate power and transportation infrastructure, high energy costs, an inconsistent regulatory and legal environment, insecurity, a slow and ineffective judicial system, inadequate intellectual property rights protections and enforcement, and an inefficient property registration system.
