Reviews

*This book is definitely worth getting. It usually will not price too much. Its been printed in an extremely simple way in fact it is only right after i finished reading this publication where basically altered me, modify the way i think.
(Avery Daugherty)*

LOOSE LEAF FOR ELEMENTARY STATISTICS: A BRIEF VERSION WITH CONNECT MATH HOSTED BY ALEKS ACCESS CARD

McGraw-Hill Education. Book. Condition: New. 8th ed.. Language: English . Brand New Book. Elementary Statistics: A Brief Version was written as an aid in the beginning Statistics course for students whose mathematical background is limited to basic algebra. The book follows a nontheoretical approach without formal proofs, explaining concepts intuitively and supporting them with abundant examples. The applications span a broad range of topics including problems in business, sports, health architecture, education, entertainment, political science, psychology, history, criminal justice, and many more. While a number of important changes have been made in this next edition, the learning system remains untouched and provides students with a useful framework in which to learn and apply concepts.
