

Charlie in Fraction City: A Math-Infused Story about Understanding Fractions as Part of a Whole

By Lynda Brennan

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. Robert M Henry (illustrator). 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.Charlie in Fraction City is the latest childrens story in the Math MileMarkers® book series. This cheerful story uncovers the secret to an in-depth understanding of fractions. Its generally the parts of fractions that get all the attention, but this simple kid-friendly story seeks to set the record straight by identifying the true hero in fraction world, the whole. Math MileMarkers has created an endearing story that addresses some of the foundational skills introduced in the Number and Operations-Fractions, many of which are often misunderstood. In this adventure, a group of lively soon to be unit fractions set out to find their place as part of a whole. Charlie, a highly recognized whole club president, is there to help each fractional piece understand what it takes to be a unit fraction. In doing so, these fractional characters uncover key terms in the fraction world and learn that they really dont know their true value until they find their place as part of a whole. All books in the Math MileMarker series...
