## An Elementary Handbook on Potable Water (Classic Reprint)

By Floyd Davis

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from An Elementary Handbook on Potable Water As an analytical and consulting chemist, the author of this handbook is frequently called upon to give information on the subject of water in its relations to disease. Two bulletins from his pen on this subject have already been issued by the Iowa State Board of Health, for the benefit of the public; and from the favor with which they have been received, he has been induced to prepare the present treatise, designed especially for the use of physicians, sanitarians, and chemists. It is hoped that the subject is presented in a sufficiently interesting manner to be worthy of their study, and that the facts are expressed in scientific language capable of being easily understood by every intelligent person. The impurities in drinking-water that are oftenest the cause of disease and death are discussed here. The natural and artificial processes of removing them from water are also given due consideration. But all methods of analysis are avoided, except some of the elementary qualitative tests given in the appendix. About...

### Reviews

*Unquestionably, this is actually the very best job by any article writer. I have read and that i am certain that i am going to planning to go through once again once more in the foreseeable future. I realized this publication from my i and dad advised this pdf to find out.*
