SAP HANA CLOUD PLATFORM - CERTIFIED DEVELOPMENT ASSOCIATE (PAPERBACK)

[DOWNLOAD](#)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.SAP HANA Cloud Platform - Certified Development Associate These questions are similar to the ones asked in the actual Test. How should I know? I know, because although I have been working as an SAP HANA Development consultant for many years, I have myself recently certified with the latest version of the Certification test. Before you start here are some Key features of the Certification Exam. This certification exam verifies that the candidate has the knowledge required in the area of SAP HANA Platform. This certificate builds on basic development skills and experience that is then refined by practical experience during several projects. Candidates must also demonstrate understanding of Java development, Mobile Services, Internet of things, Fiori development, Connectivity, Integration and Extensions. The exam is Computer based and you have three hours to to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a tick box next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should...
