Reviews

This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. What s the matter, Tom? You look rather blue! Blue! Say, Ned, I d turn red, green, yellow, or any other color of the rainbow, if I thought it would help matters any. Whew! Ned Newton, the chum and companion of Tom Swift, gave vent to a whistle of surprise, as he gazed at the young fellow sitting opposite him, near a bench covered with strange-looking tools and machinery, while blueprints and drawings were scattered about. Ranged on the sides of the room were models of many queer craft, most of them flying machines of one sort or another, while through the open door that led into a large shed could be seen the outlines of a speedy monoplane. As bad as that, eh, Tom? went on Ned. I thought something was up when I first came in, but, if you ll excuse a second mention of the color scheme, I should say it was blue-decidedly blue. You look as though you had lost your last friend, and I want to assure you that if you do feel that way, it s dead wrong. There s myself, for one, and I m sure Mr. Damon- Bless my gasoline tank! exclaimed Tom, with a laugh, in imitation of the gentleman Ned Newton had mentioned, I know that! I m not worrying over the loss of any friends. And there are Eradicate, and Koku, the giant, just to mention a couple of others, went on Ned, with a smile.
