Gallup Press, United States, 2008. Hardback. Book Condition: New. 216 x 146 mm. Language: English . Brand New Book. The religion of Islam and the mainstream Muslim majority have been conflated with the beliefs and actions of an extremist minority. The result was reflected in a USA Today/Gallup Poll which found substantial minorities of Americans admitting to negative feelings or prejudice against Muslims. The vital missing piece among the many voices weighing in on this question is the actual views of Muslim publics. Who Speaks for Islam? is about this silenced majority. It is the product of a mammoth research study undertaken over six years by the Gallup Organization. Gallup conducted tens of thousands of hour-long face to face interviews with residents of more than 35 predominantly Muslim nations. In total we surveyed a sample representing over 90 of the world's 1.3 billion Muslims, making this the largest, most comprehensive study of contemporary Muslims ever done.
