Brand New Book ***** Print on Demand *****.Ever since they fled the white man s sword, a surviving tribe of Aztecs has lived in peace for centuries. But when the young tribesman Rain becomes a man and earns the right to explore the forbidden forest beyond the tribal territory, what he finds will shake him to his core. It s a white man s city with bustling boulevards and towering mansions; a whole separate world just through the wilds. Have the tribal elders known about this city all along? With his startling discovery, Rain is forced to question everything he thought he knew. In a tale that combines the historical with the fantastical, Rain will realize just how easily generations of tribal peace can be broken. But thanks to spirit animals, which allow their human counterparts to communicate regardless of language, Rain still has a chance to save his people and unravel the dark mysteries of the white city. He might even succeed-or so it seems at first. Out of the mist returns an Aztec prophecy, one not seen since Rain s ancestors were nearly wiped out. And a dire message from an ancient god can only mean one thing: the Aztec battle for survival has only just begun.
