John Hunt Publishing, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. Touching the Essentials is a one-of-a-kind, step-by-step guide to the how-to, when-to and what-to of sex. The book offers a witty, but at the same time informative, purposely unthreatening description of the nitty-gritty aspects of sexual interaction that often overwhelm the inquisitive and inexperienced at the start of their path without allowing them to reach the ecstatic euphoria Eastern methods are known to induce. The book is co-authored by May and Itai, a married couple who travelled through India, China, Europe and the United States to learn the secrets of sex from the masters of every culture and nationality. Thanks to the unique combination of the charming, youthful style and the interesting and fascinating content, the book immediately became a hit after it was first published in Israel. Translated into English for the first time, Touching the Essentials is now being offered to audiences worldwide.
