Even the strongest of marriages may face tough challenges during the course of a lifetime. Couples who maneuver through the child-rearing years successfully may be surprised to discover that, down the road, a financial setback or a major illness can rock the foundations of their union. In *Steering Your Marriage*, author Dr. Suzanne Burger offers couples a toolkit to navigate life's challenges while remaining in a committed and vibrant relationship. Through anecdotes and case histories, Dr. Burger provides a guide for those seeking insight and wisdom in their journey together. She explores potential issues-such as finances, the death of a child, career changes, aging parents, chronic illness-that couples often encounter and uses examples and checklists to illustrate how to find new understanding in one another. *Steering Your Marriage* presents the latest research on what helps couples shift course as they adapt to a variety of challenges, and it offers detailed examples of couples who have successfully navigated through hardships and around unforeseen detours in their lives.
