

Introduction to Nano materials

Filesize: 9.27 MB

Reviews

This created publication is wonderful. This can be for those who statte that there had not been a worth looking at. Your lifestyle period will probably be transform when you comprehensive looking at this book.
(Chelsey Nicolas)

INTRODUCTION TO NANO MATERIALS

To read **Introduction to Nano materials** PDF, remember to refer to the web link listed below and download the document or gain access to additional information that are have conjunction with INTRODUCTION TO NANO MATERIALS book.

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 219 Publisher: East China University of Technology Press Pub. Date :2008-10. Introduction to Nanomaterials to nano-materials Preparation. Structure and Properties and applications of the main line. from the zero-dimensional structure of cells to nano-assembly system. a more systematic introduction to the basics of nano-materials and the latest scientific and technological achievements. The book is divided into ten chapters. the first chapter introduces the basic concepts of nano-materials; second chapter describes the basic characteristics of nano-materials; Chapter III to Chapter introduced the zero-dimensional. one-dimensional and two-dimensional structural elements of the preparation . structural characteristics and properties and applications; Chapter 6 describes the nano-glass. nano-ceramic. nano metal and nano-polymer such as three-dimensional structure of the preparation. structure and performance characteristics and applications; seventh chapter briefly describes several major 3D nanocomposites; the eighth chapter of the manual assembly of nanostructures and molecular self-assembly. and molecular devices and molecular machine type and operating principle; Chapter IX describes the measurement techniques and nanomaterials characterization methods. the tenth chapter Application of nano-materials and development prospects. Contents: Chapter 1 Introduction Section I of the basic meaning of a nano-technology. nano technology. the origin of two. Section II of nanotechnology research content meaning a nanotechnology research. triggering changes in two modes of production. triggering the first revolution of human cognition three studies the history of a nano-materials. nano-materials research course two. fourth stage of development of nano-materials research areas a nano-materials. nano materials. the object of study two. nano-nano-materials research content Section V of the opportunities and Challenges. opportunities and two nano. nano safety of three standardized nano thinking review questions References Chapter nanoFour Satisfaction guaranteed, or money back.
