Reviews

Completely essential study publication. Better then never, though i am quite late in start reading this one. I am very easily could get a delight of reading a composed publication.

(Marilyne Macejkovic)

INTRODUCING SECOND LANGUAGE ACQUISITION

Cambridge University Press, Cambridge, UK, 2010. Paperback. Book Condition: New. First Edition. Written for students encountering the topic for the first time, this is a clear and practical introduction to second language acquisition (SLA). It explains in non-technical language how a second language is acquired; what the second language learner needs to know; and why some learners are more successful than others. The textbook introduces in a step-by-step fashion a range of fundamental concepts such as SLA in adults and children, in formal and informal learning contexts, and in diverse socio-cultural settings and takes an interdisciplinary approach, encouraging students to consider SLA from linguistic, psychological and social perspectives. Each chapter contains a list of key terms, a summary, and a range of graded exercises suitable for self-testing or class discussion. Providing a solid foundation in SLA, this book is set to become the leading introduction to the field for students of linguistics, psychology, and education, and trainee language teachers. Contents 1. Introducing second language acquisition 2. Foundations of second language acquisition 3. The linguistics of second language acquisition 4. The psychology of second language acquisition 5. Social contexts of second language acquisition 6. Acquiring knowledge for L2 use 7. L2 learning and teaching. Printed Pages: 214. Size: 185 x 240 Mm.
