AUTHORHOUSE, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Bible is a divine guide that shows what we need to do to avoid sickness and disease, so why don t people use it as such? Dr. Rev. Diana B. St. Clair, an ordained minister, proves that everyone has the gift to heal in this detailed thesis that she wrote for the doctorate program at Metropolitan University. She looks to the ancient prophets of long ago, the Christian Holy Bible, and historical events to unlock how we can access this hidden power. She also examines how Native Americans used healing techniques, the use of gemstones in healing, how Jesus healed, and the work pastoral counselors have done to promote healing. She backs up her arguments with additional research and case studies. In explaining how we can heal ourselves and others, she looks closely at the soul, which we often think of as the spark of God within us. She also examines the conscious and subconscious aspects of God. Stay vibrant in mind, body, and spirit by learning the parallels between ancient healing practices, Christianity, and modern medicine in The Gift of Healing.
