Alfred Music, 2012. DVD Audio. Condition: New. Language: English . Brand New Book. Guitar World: The Alchemical Guitarist, Volume 2 presents 12 more of the instructional videos and accompanying lessons from Guitar World columnist Richard Lloyd. In this follow-up to Richard's first DVD The Alchemical Guitarist, Volume 1, he delivers more insights to help players understand the fretboard in a clear pattern-based method. His easy-to-understand concepts give guitarists of all instruction levels new ways to see the fretboard that can facilitate everything from positional play to soloing to moving up and down the neck smoothly and quickly. One of Guitar World's most popular instructors, Richard presents lessons on topics that include playing walking bass on the guitar, double pull-offs and hammer-ons in open position thirds, using pentatonic bends to make your playing mistake free, and much more. With two hours of lessons, The Alchemical Guitarist, Volume 2 will give you the power to transform your guitar playing into pure gold.
