## FOLLOW FOOTPRINTS OF ADAB AND EVE (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. I wanted to write a novel. I have written several books. The ones of etry have been the most effective. I decided to write the novel in poetry. Since it is poetry, the thoughts expressed are shor and simple As I finished, it seemed too short to be a novel. It is more of a short story. Content covers a wide range of characters and areas. The reader may decide whether it is a short story or a novel. Either way you read it, I hope you find it educational and interesting. The book is written as fiction. The facts presented are real. The characters are fictional. The story is real. There are no names to the nations described in the book. The material described could take place in any nation but the novel is the story of specific nations. The material is the result of personal experiences, research, material on the internet and other informational sources. It also includes information from persons who lived in those nations. One importation theme of the book is there is only one world. We are all responsible for taking care of this world. There are persons who take that responsibility seriously and continue to live in such a way that they are able to help make an impact. The novel ends on a remote island. Persons on the island live simply. They provide for all of their needs. They welcome everyone including anye persons who have lived in ways harmful to the environment or human life. A sign at the entrance to the island expresses that invitation. An Afterthought expresses what those who made the journey learned from their experience.
