Reviews

Definitely among the finest book We have at any time read. Better then never, though i am quite late in start reading this one. Your lifestyle period will likely be transform once you total reading this article book.
(Florence Batz IV)

MARIJUANA: A SHORT HISTORY (THE SHORT HISTORIES)

Brookings Institution Press. Hardcover. Condition: New. 100 pages. From Reefer Madness to legal purchase at the corner store With long-time legal and social barriers to marijuana falling across much of the United States, the time has come for an accessible and informative look at attitudes toward the dried byproduct of *Cannabis sativa*. *Marijuana: A Short History* profiles the politics and policies concerning the five-leaf plant in the United States and around the world. Millions of Americans have used marijuana at some point in their lives, yet it remains a substance shrouded by myth, misinformation, and mystery. This book offers an up-to-date, cutting-edge look at how a plant with a tumultuous history has emerged from the shadows of counterculture and illegality. Today, marijuana has become a remarkable social, economic, and even political force with a surprising range of advocates and opponents. Public policy toward marijuana, especially in the United States, is changing rapidly. *Marijuana: A Short History* provides a brief yet compelling narrative that discusses the social and cultural history of marijuana but also tells us how a once-vilified plant has been transformed into a serious, even mainstream, public policy issue. Focusing on politics, the media, government and education, the book describes why public policy has changed, and what that change might mean for marijuana's future place in society. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
