

The Calculus Direct: An Intuitively Obvious Approach to a Basic Understanding of the Calculus for the Casual Observer

Filesize: 7.77 MB

Reviews

This ebook will not be effortless to get going on studying but very enjoyable to learn. Of course, it can be play, still an amazing and interesting literature. Your daily life period will probably be enhance once you complete looking at this book.
(Mr. Osborne Homenick)

THE CALCULUS DIRECT: AN INTUITIVELY OBVIOUS APPROACH TO A BASIC UNDERSTANDING OF THE CALCULUS FOR THE CASUAL OBSERVER

[DOWNLOAD](#)

Createspace, United States, 2010. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.This book takes no prior knowledge of mathematics for granted as it takes the student slowly and surely from addition all the way to a basic understanding of the calculus in the least painful and most efficient path possible. The calculus is not a hard subject, and this book proves this through an easy to read, obvious approach spanning only 100 pages. This book is written with the following type of student in mind; the non-traditional student returning to college after a long break, a notoriously weak student in math who just needs to get past calculus to obtain a degree, and the garage tinkerer who wishes to understand a little more about the technical subjects. This book is meant to address the many fundamental thought-blocks that keep the average mathphobe (or just an interested person who doesn't have the time to enroll in a course) from excelling in mathematics in a clear and concise manner. It is my sincerest hope that this book helps you with your needs.
